In the heart of nature and just a few minutes from Ojén and Marbella, this impressive 76,000 m<sup>2</sup> rustic plot is located in Puerto de Ojén, a unique enclave for those seeking space, privacy, and a truly special project.

The property offers the possibility of building a detached single-family home, without the need for any connection to agricultural or livestock activity, and also opens the door to larger projects such as a rural hotel, retirement home, wellness center, or care facilities, among others, as well as agricultural and livestock activities.

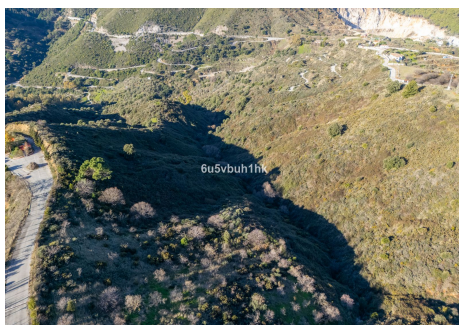

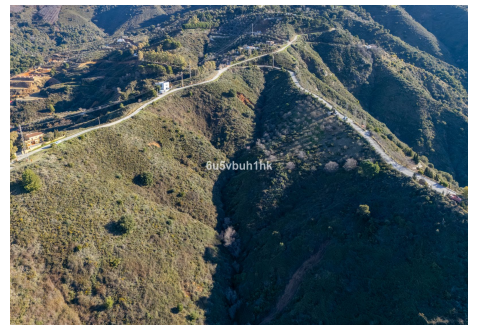

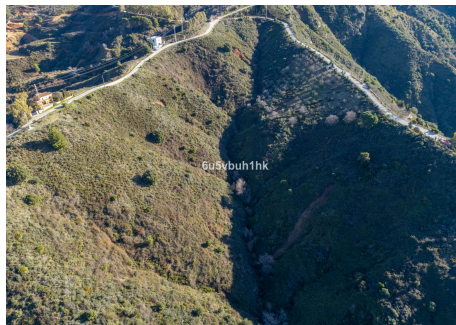

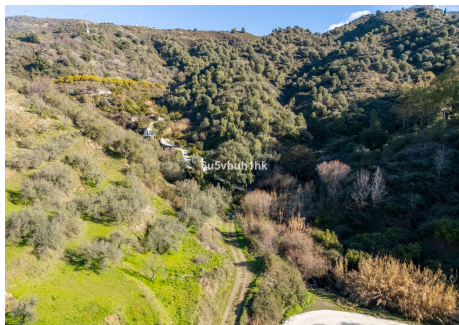

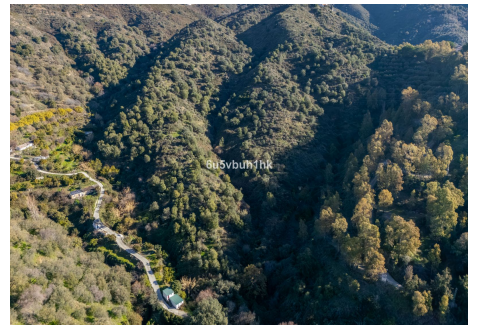

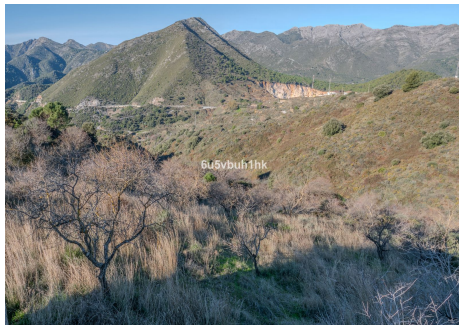

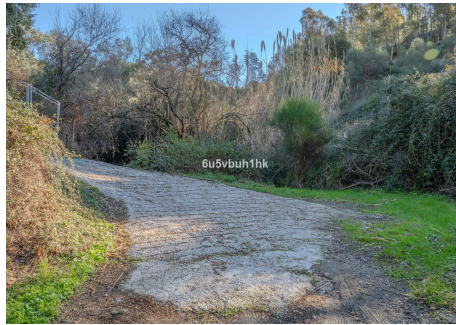

The land runs along a natural ravine, creating its own intimate and protected landscape, surrounded by native vegetation. A stream runs along the edge of the property, adding to the scenic value and giving it a very special character that is difficult to find nowadays. The plot has very good road access both at the top and bottom, a rare feature that facilitates the development of any type of project.
