Some properties stand out for their size, others for their location, and others for their views. This charming village house offers all three in one of the most sought-after areas of Casares' historic centre.

Located just a 2-minute walk from Plaza de España, this spacious home enjoys a privileged setting with easy access and without the steep hills that characterize many streets in the village. A small car can reach almost to the front door, and public parking is conveniently located just a 3-minute walk away.

The property is distributed over several levels and offers a practical and versatile layout, making it ideal as a permanent residence, holiday home, or investment property in one of Andalusia's most beautiful white villages.

On the ground floor, you will find a comfortable living room with access to a terrace, a spacious independent kitchen, and a useful storage area beneath the staircase.

The first floor features two bright bedrooms, a cozy sitting room, and a guest toilet....
