Exclusive Penthouse in Los Monteros Playa

Los Monteros Playa is one of Marbella’s most exclusive residential developments. Impeccably maintained, the community offers direct access to the sea, a high degree of privacy and 24-hour on-site security. Penthouses of this calibre are highly sought after and rarely come onto the market here.

Occupying a prime position at the front of the development, this penthouse enjoys direct, panoramic sea views. The combination of uninterrupted Mediterranean views and direct access to the sea from the community gives the property its distinctive appeal.

The property offers 334 m² of living space, with four bedrooms and five bathrooms. A private lift opens directly into the apartment. The principal bedroom is located on the entrance level, while three further bedrooms provide generous accommodation for family and guests.

The expansive living and dining room opens onto the terraces and towards the sea. Large windows and elegant natural stone floors define the interiors’ classic character. The renovated kitchen adds contemporary comfort to the property….
