Sea views, three levels and endless potential – €365,000!

An opportunity with plenty of room for imagination – at a price that reflects the work needed!

Located in La Cornisa, Calahonda, this three-level townhouse needs a complete renovation but offers tremendous potential. With thoughtful planning, it could become a beautiful home under the Costa del Sol sun.

The property has two bedrooms, two bathrooms and a spacious living room with a fireplace, offering plenty of room for entertaining family and friends. The living room opens directly onto a small private outdoor area.

And then there are the sea views! Both the terrace off the bedrooms and the rooftop terrace enjoy beautiful views of the Mediterranean. The rooftop terrace, in particular, could be transformed into a wonderful space for soaking up the sunshine and enjoying the scenery.

The lower level offers even more possibilities. Extending across the full footprint of the house, it also includes a garage. There is far more space and potential here than you might expect at first…
