In one of the most sought-after areas of Benalmádena, less than 100 metres from the beach, with direct, private access to the seafront promenade.

We are pleased to present this original corner flat in one of the most sought-after blocks, Diana 2. It features a separate kitchen, a bright living room and a full bathroom, with two double bedrooms and fitted wardrobes, as well as two terraces – one of which is glazed and the other over 6 metres long, offering views of the gardens, the communal swimming pool, the sea and Puerto Marina. Water is included in the service charge.

Situated at a mid-level that allows plenty of light in and offers unobstructed views, this is exactly what you've been looking for.

It's worth noting that it's set within a gated community, featuring extensive gardens, a large swimming pool and a café-restaurant within the development, surrounded by ALL the amenities you need so you don't have to take the car: shops, Puerto Marina, a chemist, supermarkets, a bus stop, taxis and a leisure area. 24-hour security….
